**To:** Shannon Klimek - AQDX  
**Subject:** Odor Complaint

Mr. Klimek:

Change of plans, DO NOT conduct the odor complaint inspection tomorrow morning. We've just receive word from ADEQ that they need to conduct a little more research on the applicability of the AG BMPs for both the odor complaint and the fertilizer process operation. Please, first thing tomorrow morning can your transfer your inspection notes to a simple word document, NOT an inspection report and email that to Jo Crumbaker who will subsequently forward that information to ADEQ. I remember you mentioned that you will be in communication with the source tomorrow, please inform them that this case is currently being researched with ADEQ and we will forward any information as soon as we hear back.

Thanks Shannon
